Between 23 January and 27 February 1954, Reinsdorf airfield was unoccupied and there were no indications of an intended re-occupation.

Comment. Reinsdorf airfield was occupied by a ground attack regiment during the summer months of previous years. The field has not been re-occupied since August 1953 when the ground attack regiment transferred to Finstervalde. It is unknown whether the field will be re-occupied during the summer of this year.
